

“People, Places, Things” Civil Rights Tour - Summer of 03

Below are listed fifteen people, places, or things from Mr. Wood’s summer of 03 travels to the Civil Rights South. As you read about each of these people, make a mental note about them. When you are finished write a paragraph on each one. **DO NOT GO TO THE INTERNET AND SEARCH THE INDIVIDUAL..I want you to write what you learn about each one within the context of this Civil Rights 2003 tour. If you give me basic Wikipedia answers...I will give you a basic Wiki grade.**

As for the Selma map - read carefully the account of the trip in the summer of 03. Look at the photos and the yellow map of Selma, Alabama. By reading the account and checking the map, you’ll be able to find out where most of these photos were taken. Write the number of the photo on the map where you think the picture was photographed.

PHOTOS - As you read, place the numeral of the photograph in the packet on the Selma Map where you think that photograph was actually taken. Do the best that you can.
